

Are you passionate about children's mental health? Crossroads Children's Mental Health Centre (CCMHC) is an accredited charitable organization that has been providing specialized services to children under the age of 12 and their families since 1995.

We are seeking committed, enthusiastic and motivated new directors to bring their energy and knowledge to the high-level strategic direction and governance of the Board of Directors. In addition to meeting 9 times per year, there are committees and working groups that board members can join.

CCMHC is an organization committed to equity, diversity and inclusion by building a Board of Directors and staff team that reflects the community we serve. We are committed to a diverse workforce and do not discriminate on the basis of race, religion, colour, national origin, gender, sexual orientation, age, marital status, or disability.

Our Board follows a policy governance model that allows us to fulfill our obligation of accountability to our community without being involved in the day-to-day operations of this highly regarded center. As a team we focus on larger issues.

At this time, we are particularly interested in recruiting individuals with:

- **Lived experience as a parent of a child who had utilized mental health services. If this service was at CCMHC, a year must have passed since last active service.**
- **Expertise in mental health research and evidence-based practice.**
- **Expertise in fundraising**

Interested candidates are invited to submit their resumé to the attention of Karen Tataryn, Chair, Board Development at hr@crossroadschildren.ca. We are grateful to all that apply, however, only selected candidates will be contacted and interviewed.
